# CV

## Objective

Motivated third-year Software Engineering student with a keen interest in cybersecurity. Seeking opportunities to apply my technical skills and knowledge in a dynamic environment, where I can contribute to safeguarding systems and enhancing security protocols.

## Education

- **Bachelor of Science in Software Engineering**

Addis Ababa University, Addis Ababa, Ethiopia

Expected Graduation: 2028

- **High School Diploma**

School of Tomorrow, Addis Ababa, Ethiopia

Graduated: 2022

- **Course in Azure**

Demera in collaboration with Microsoft

Ongoing

## Skill

- Programming Languages: HTML, CSS, Python, Java
- Database Management: SQL
- Soft Skills: Communication, Teamwork, Problem-Solving

# About me

Hi there! I'm a passionate and ambitious third-year Software Engineering student at Addis Ababa University. Born and raised in Addis Ababa, I've always been driven by a deep curiosity for technology and innovation. My academic journey has provided me with a strong foundation in software development, and I'm eager to apply my knowledge to real-world projects that make a positive impact. Outside of tech, I find balance through my love for baking, where I enjoy experimenting with recipes and creating unique flavors. When I'm not immersed in code or the kitchen, you'll likely find me engaged in outdoor activities—hiking, walking, or just soaking up the natural beauty around Addis Ababa. Spending time outdoors helps me stay energized, and I'm always up for new adventures with friends and family. I also believe in making time to connect with the people I love; whether it's a casual hangout or a planned event, I cherish those moments that bring joy and laughter.

## Walking and Hiking

I love being outdoors and enjoying nature.

## Watching movies

I enjoy exploring films across languages and genres.

# Interests

## Photography

I have an interest in photography, capturing moments that tell a story.

## Web development

I particularly enjoy frontend development, as it allows me to take charge of the overall look and feel of the website while expressing my passion for design

## Coding

I have a deep passion for coding, as it allows me to tackle complex problems and devise solutions.

# Dagmawit Sisay

Software engineering student

A photograph of a young woman with dark hair, smiling broadly with her mouth open. She is wearing a dark long-sleeved top and a thin necklace. She is leaning against a metal railing, with her hands clasped together. In the background, there is a large roller coaster structure with green tracks and blue supports, set against a clear blue sky with some wispy clouds.
